ABOUT THE SPEAKER

Dr Zubin Marolia: thinker, healer and visionary, blessed with an "open eye, a warm heart and caring hands" that enable his patients to undergo their journey of life with its twists, turns, ups and downs. A journey so deep, so personal, so strong – an experience.

Dr. Marolia's journey in cancer began in 1991 at the Lukas Klinik, Switzerland where he took his first steps in Mistletoe therapy. He has been conferred a fellowship in integrative oncology by the Filderklinik, Germany. He has worked and shared his experiences in palliative care at the Department of Integrative Medicine at Memorial Sloan Kettering Cancer Center, New York. He has lectured at the Johns Hopkins University school of Medicine, Baltimore, USA. He is associated with the Helixor Institute, Germany where he has also presented two papers at the international Mistletoe Meeting in Stuttgart, Germany. He has also conducted many workshops on Mistletoe Therapy.

Dr Zubin Marolia has successfully used a holistic healing approach in the treatment of cancer-integrative oncology, for the last 20 years of his practice, in Mumbai, India. His Indian roots have enabled him to always view a cancer patient as a whole – in mind, body and spirit. His deep insight into personalized healing has led him to integrate conventional and complementary therapies, always keeping in mind the suffering person.

Currently Dr. Zubin Marolia is the Founder and Consultant, Enlifen, based in Mumbai, India.
